HAYTI, MISSOURI, THURSDAY, MARCH 14, 1918

NO. 18

Come On, Get in Line

Local and Personal News.

Mr. and Mrs. J. C. Hooten of Tyrone, Ark., came up Friday for business in Caruthersville. While in our county they visited at the E. F. Hay home, Mrs. Hooten being a sister of Mrs. Hay.

Watch our advertisements in this paper for full particulars of how the children can receive a nice souvenir aeroplane on Tuesday afternoon between 3 and 5. F. M. Perkins.

Wolf Khourie returned Saturday night from St. Louis markets where he bought a big stock of spring and summer goods.

A new lot of silk skirts this week at Buckley's.

Farmers Borrow \$50,000,000

During the month of January \$11,787,517 were paid out to farmers of the United States by the Federal land banks on long-time first mortgage loans, according to a statement by the Federal Farm Loan Board.

On February 1 the total amount of money paid out to farmers since the establishment of the Federal land banks was \$50,782,432, covering 24,020 loans closed.

The total amount of loans applied for up to February 1 was \$260,556,981, representing 112,146 applications.

The new things in slippers at Buckley's.

Jefferson City, Mo., March 11:

On recommendation of Commissioner William H. Lewis of the Missouri Bureau of Labor Statistics W. Wade Norrid, real estate dealer of Sikeston, Mo., has been appointed Federal farm labor field agent in Southeast Missouri by W. R. King, Director of the United States Free Service, St. Louis Zone. Mr. Norrid, who is well acquainted with the farmers and cotton growers of that portion of the State and thoroughly familiar with their needs, will have jurisdiction in Cape Girardeau, Scott, Mississippi, New Madrid, Dunklin, Pemiscot, Stoddard and Butler counties in supplying farm hands and other toilers needed there during the spring, summer and fall of 1918 working in conjunction with the St. Louis Cooperative State and Federal Free Employment Bureau. Before the appointment was officially announced Field Agent Norrid had already listed a large number of farmers in that section who need help, and now stands ready to put men and women from Missouri, or elsewhere, willing to do farm work, in touch with those who need their service. Preparations for the planting of corn, cotton, rice, watermelons, and similar products for which Southeast Missouri has a nation-wide reputation, are now on. Quick response is requested by Field Agent Norrid, who has established his Federal-State free employment headquarters in Sikeston, Mo., from those who are willing to work as farm hands.

The Sikeston Standard comes to us this week in a new form, that of a Twice-A-Week, appearing on Tuesdays and Fridays, and the first issue as a twice-weekly comes out with a big run of advertising showing that the business people of the city are appreciative of the efforts of Mr. Blanton.

Butterick patterns and fashion sheets at Buckley's.

Wm. Davis, who has been in bad health on account of some ear trouble for several weeks, went to the Frisco hospital at St. Louis Monday night to take treatment. He was accompanied by a fellow-fireman, Mr. Briggs.

Apple hats in all the new shapes and colors at Buckley's.

Reuben Bettis of Pascola was here Friday attending to some business matters.

For Collector.

We last week took pleasure in placing in our announcement columns the name of Harry V. Litzelfelner, as a candidate for the Democrat nomination for collector of the revenue of Pemiscot county.

We are a little backward in trying to tell the people of the county anything about Mr. Litzelfelner, feeling that the people know him better than we could tell them of him. Anyway, we also have our opinion, and can speak in none other than of the best. For about seven years he has been constantly at the office of the collector acting the first three as assistant in the office, and upon the collectorship of Chas. R. Pierce, he has held the office of deputy, in fact has been the collector except for the compensation of the office and official title and during this time has had a vast experience that is beyond value to the county.

So far as to his competency to fill the office we believe he is better able to do so than possibly any person in Pemiscot county, and there are facts to prove it rather than words from this paper.

During the last general election in the absence of Everett Reeves, he served as the Acting Chairman of the Democratic Central Committee of this county, and we believe helped to a large extent in landing the entire Democratic ticket safe in Pemiscot county. He was then and has always been found in the thickest of the fight, to say, in the trenches fighting the battles of the Democratic party. And in several ways other than the above he has served Pemiscot county, last year being secretary of the Pemiscot County Fair Association, making last year's fair a complete success.

Mr. Litzelfelner told us one thing that he wanted to make plain, and that was that he was running on the Democratic ticket, ONLY, and was he to suffer defeat on that account he would accept it willingly. That one reason is enough to make the thorough bred Democrats of the county align themselves in his support.

We do not believe it necessary for us to go to very much detail in giving a long-winded article about him, but we naturally could not help in doing so when we began to think of him and his competency, but we do believe him far above anything that might be said against him.

In conclusion he earnestly solicits the Democratic vote at the primary election to be held Tuesday, August 6, 1918, promising that if nominated or defeated he will use his best efforts to land a complete victory for the Democratic party.

The name of Chas. S. Reynolds of the Firm of Reynolds and Jackson, surveyors and engineers, goes on the Herald list of subscribers this week. This firm has been very active since its organization, they now having quite a lot of ditch surveying on hand and several hundred acres of land to make a survey of, with the idea of farm tile drainage.

Mrs. J. W. Johnson says that she does not know how she has got along so long without the MAJESTIC. She is delighted with it. If you are dissatisfied with your present range come to the SPECIAL DEMONSTRATION during the week commencing March 18 and the expert from the MAJESTIC factory will tell you why the MAJESTIC gives such genuine satisfaction. F. M. Perkins.

John T. Buckley went to St. Louis Saturday night where he spent the major part of this week in selecting the spring and summer stock of goods for his store.

New U. S. Army Rifle.

The United States rifle, model of 1917, commonly called the modified Enfield, has now been tested in the service of the Army a sufficient time to warrant the assertion that it more than justifies the claims made for it, according to a statement authorized by the Secretary of War.

The new rifle takes a .30 caliber cartridge, which has the advantage over the British Enfield of being rimless. It has been found that unless rim cartridges are fed through the magazine uniformly with the rim of the top cartridge ahead of the rim of the one immediately below, jams are likely to occur.

The model of 1917 has an overall length of 46.3 inches; a total weight including oiler and thong case and bayonet of 10 pounds and 5 ounces. The breech mechanism is of the bolt type.

A Solution(?)

The following is handed us by F. M. Perkins, stating that is about the most exact date of the ending of the European war:

Absolute knowledge I have none, But my aunt's washwoman's sister's son
Heard a policeman on his beat Say to a laborer on the street
That he had a letter just last week, Written in the finest Greek,
From a Chinese coolie in Timbuctoo, Who said that the negroes in Cuba knew
Of a colored man in a Texas town Who got it straight from a circus clown,
That a man in the Klondike heard the news
From a gang of South American Jews About somebody in Borneo
Who knew a man who claims to know Of a swell society female fake
Whose mother-in-law will undertake To prove that her seventh husband's sister's niece
Had stated in a printed piece That she had a son who had a friend
Who knows when the war is going to end.—Ex.

The Third Liberty Loan.

The campaign for the Third Liberty Loan will be opened on the 6th of April, the anniversary of the declaration of a state of war between the United States and Germany.

The amount, terms, and conditions of the loan are dependent upon further legislation and will be announced as soon as Congress has granted the necessary powers.

Secretary McAdoo chose the 6th of April as the day to open the campaign as the most fitting date to call for a patriotic response to the summons to duty to every American, to ask from the people at home the same fervent patriotism that actuates our gallant sons on the battlefields of France and on the waters of the Atlantic.

Subscribe for the Herald.

For County Clerk.

In the proper column will be the announcement of Frank Baird, who asks that he be given the Democratic nomination for County Clerk.

Frank is from one of the old pioneer families of the county, and plainly speaking is a man who has made himself. He is not too young, but to the contrary is just about the right age to be up and doing at any time the duties of the office might need him most. The office is a very important one and Frank feels that from his clerical experience he has every good quality to attend to the duties of that office most efficiently.

He has taught in a number of schools in this county, and every term was a successful one, and now he is serving Uncle Sam's patrons as rural route carrier out of Caruthersville, and giving there too, good service. He has a most excellent record, both as a young man and citizen, and holds the confidence of those who know him, and his acquaintance is wide over the entire county.

This is the first time he has ever asked the people for office and as all things must have a beginning, he asks a chance to prove his worth and ability, and serve the county in a most efficient manner that would be pleasing to the taxpayers.

There is absolutely no reason why he would not make a good officer, both for the interest of the county and her people, and he earnestly solicits the votes of the Democratic voters of the county. He has always been a loyal Democrat, standing for the ticket from top to tail, and is proud of it. He says he will try to call upon every voter before election time and give them further reasons why they should cast their vote for him, and in the meantime he asks them to give his candidacy due and careful consideration.

The period during which rye flour may be used as a wheat flour substitute in Victory bread has been extended to March 31, as in some sections of the country other substitutes are not yet available.

Something new—Middy Dresses for children—at Buckley's.

Word received from Dee Sorrell, who has undergone an operation for an old ailment, states that he is improving nicely, and that he will be able to return home soon.

Men Wanted.

Good looking men with half-sense, strong back and willing mind—all that is necessary. Wages \$2.75. At Garver Spur.

BASIL HEARD.

ENLIST Your Dollars in Your Country's Service

U. S. Bonds, War Savings Stamps, and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes—every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equipping our army and navy it has a double force—first it ceases to aid the enemy and second it is fighting for us in the behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.
